Model Duopom - The expert for larger quantities

For larger quantities e. g. French fries, the GRILLOMAX - Duopom is the absolutely right decision and also the ideal addition. Thanks to two separately controllable drums it is extremely flexible.

The integrated plasma filter technology (PFT) and the electrostatic precipitator enable fat-free, odourless and low-smoking cooking of grilled dishes and many other products. This makes the GRILLOMAX unique!

Ideal for cooking / no-deep fry:*

French fries, falafel,
veggie nuggets, rissolées,
various finger food, snack
products and much more ...

*Applies only to the products we tested. Ask for the large selection of recommended products.
